

TECHNICAL INFORMATION

KLEEN
PURGATIS

WC CLEANER AND DECALCIFIER

TRO WC-TABS

Art. No. 183.186 14 x 16 x 25 gr carton unit

- **3-phase** cleaning tabs for WC and Urinals
- after **adding** tabs into water section of bowls these start a fast self-activation process
- **dissolves** lime and dirt deposits on **difficult** to reach areas
- with **anti-bacterial** functions
- removes reliably and fast **unpleasant** odours
- produces a **pleasant** fresh fragrance when dissolving
- **not** applicable on marble, artificial stone and acid proof surfaces

APPLICATION RANGE:

Cleans and descales below the water line (discharge pipes) and sanitary installations containing water. **Not** applicable on marble, artificial stone and none-acid-proof surfaces.

INSTRUCTIONS FOR USE AND DOSAGE:

Open foil - add tab to water section of sanitary installations. The dissolving process adds active agents to the water - producing an active foam. This cleaning solution must remain for ca. 5 min for self-activation - followed by thoroughly flushing. Strongly contaminated installations should be cleaned by using the brush. For hygienic cleaning it is recommended to place the brush into the bowls during the self-activation-dissolving process of the tabs. **If improperly applied - and for claims resulting from such improper handling - there will be no legal claims accepted.**

TECHNICAL DATA:

Form: round tablet, 1st layer white, 2nd layer blue, 3rd layer green
Odour: fresh
pH-value in aqueous solution: 2

INGREDIENTS:

Below 5 %: anionic surfactants, non-ionic surfactants,
oxygen-based bleaching agents

Contains: perfumes,

Giscode: GS 50

Stability: at least one year in original containers

The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents.

LABELLING:

Warning

Hazard statements: H319: Causes serious eye irritation. H315: Causes skin irritation. H412: Harmful to aquatic life with long lasting effects.
