STAINLESS STEEL CLEANERS AND CONDITIONERS

PRESTAN STAINLESS STEEL MAINTENANCE

Art.-Nr. 203.778 12 x 0,5L bottle unit

- cares and protects all stainless steel surfaces
- maintenance, polish and protection in one step
- dirt and water resistant
- prevents fast from new soilings when used regularly
- creates a glossy protection film and finish
- rejects visible finger prints
- suitable for chrome, aluminium, brass, nickel and anodized surfaces

APPLICATION RANGE:

Prestan Stainless Steel Maintenance cleans, cares and protects all surfaces of none-corrosive steel - as well as objects made from chromium, aluminium and anodized surfaces, nickel and brass. Do not use on surfaces in direct contact with food, for example worktops in kitchen areas or food processing.

INSTRUCTIONS FOR USE AND DOSAGE:

Initial maintenance product for stainless steel and above listed materials.

Remove coarse dirt deposits of the surface to be cleaned. We recommend to use Kraftreiniger A (Power Cleaner A). After cleaning - take off chemical agents with clear water. Add Prestan Stainless Steel Maintenance to a dry cleaning cloth. Distribute evenly on surface. Take off excess of product. Do not polish again. For daily maintenance care - use product only on stains of metal surface. **If improperly applied - and for claims resulting from such improper handling - there will be no legal claims accepted.**

TECHNICAL DATA:

Form: clear colourless liquid
Odour: like solvent
Viscosity: low
Density: 790 g/l

INGREDIENTS:

Over 30 %: aliphatic hydrocarbons
Stability: at least one year in original containers

LABELING:

Gefahr

Contains low boiling point modified naphtha

Hazard statements:

H304: May be fatal if swallowed and enters airways.
